ABOUT THE PHILIPPINE RED CROSS

Born officially in 1947, but with roots that trace back to the revolutionary days, the Philippine Red Cross has truly become the premier humanitarian organization in the country, committed to providing quality life-saving services that protect the life and dignity especially of indigent Filipinos in vulnerable situations.

The story of the Philippine Red Cross is the story of men and women from all walks of life who have dedicated themselves to the service of humanity. It is the tale of hundreds of thousands of ordinary people who devoted their time and resources to help the poorest of the poor. Professionally trained and truly compassionate, these men and women are ready to lend a helping hand to those in need — whoever, whenever, and wherever they may be.

In all its decades of reputable existence, the Philippine Red Cross has lived through many changes intended to help more people. Where it used to be involved only in providing blood and in disaster-related activities, the Philippine Red Cross now focuses on a holistic approach to uplift the condition of the most vulnerable. Where it used to offer short-term palliatives, it now offers a wider array of humanitarian services ranging from preventive medicine to therapeutic counseling, to youth leadership.

At present, the Philippine Red Cross has 102 chapters nationwide that provide six major services: Blood Services, Disaster Management Services, Safety Services, Health Services, Social Services, and Red Cross Youth and Volunteer Services. All of them embody the fundamental principles of the International Red Cross and Red Crescent Movement — humanity, impartiality, neutrality, independence, voluntary service, unity, and universality. These values guide and inspire all Red Cross staff and volunteers, to whom being a Red Crosser is more than just a philosophy but a way of life.

THE 7 FUNDAMENTAL PRINCIPLES

HUMANITY	We serve people, not systems.
IMPARTIALITY	We care for victims without discrimination.
NEUTRALITY	We take initiatives but never sides.
INDEPENDENCE	We bow to need, not to any person.
VOLUNTARY SERVICE	We work around the clock but never for personal gain.
UNITY	We have many talents but a single idea.
UNIVERSALITY	We respect nations but our work knows no bounds.

VISION

To be the foremost humanitarian organization ready to meet the challenges and capable of rapid delivery of humanitarian services in order to prevent and alleviate human suffering and uplift the dignity of the most vulnerable.

MISSION

The Philippine Red Cross will provide a sustained and effective humanitarian service committed to build resilient communities, run by well-trained and dedicated staff and volunteers imbued with integrity, equipped with the necessary logistics and the maximum usage of information technology. We will continue to expand our volunteer network in every part of the country to ensure swift delivery of our services.

01 | WHAT YOUR SAFE CARD MEANS

Your Safe Card is a Philippine Red Cross membership supported by an annual contribution. The membership program also provides access to specified accident assistance benefits underwritten by Prudential Guarantee and Assurance, Inc. (PGAI) under the applicable group/master insurance arrangement.

WHAT IS THE MEMBERSHIP PROGRAM?

- A form of contribution to the Philippine Red Cross to sustain PRC's effort in providing emergency and medical support to the people in times of disasters and emergencies.

BENEFITS OF BEING A MEMBER

- You become part of the premier humanitarian organization that alleviates human suffering and restores human dignity.
- You can have access to all services of the Red Cross.
- You create a sense of self-worth by giving.
- You are protected through Personal Accident Assistance Benefits.

MEMBERSHIP — NOT A PROMISE OF UNLIMITED SERVICES

Membership gives you access to the Philippine Red Cross humanitarian network and the benefits expressly stated for the program. It does not mean that every Philippine Red Cross service, ambulance unit, blood product, facility, responder, or other resource is available at every location or at all times.

WHAT YOU RECEIVE

Benefit	Description
One-Year Philippine Red Cross Membership	1 year from 12:00 noon of date declared in the policy
Membership Accidental Assistance Benefits (MAAB)	Underwritten by PGAI, for eligible members, subject to the applicable insurance terms.

WHAT YOU SHOULD KNOW (AND WHAT NOT TO ASSUME)

To serve you better and ensure full transparency, we want you to understand exactly how your Safe Card works. This is not fine print—this is your guide to maximizing your membership.

1. **On Ambulance Dispatch**
The Safe Card does not guarantee immediate ambulance dispatch, a fixed response time, or ambulance availability in your location. While we strive to reach you as fast as possible, traffic, weather, simultaneous emergencies, and other factors can affect our response time.

2. **On Blood Availability**
The Safe Card does not guarantee the availability, supply, or provision of blood, any particular blood type or blood component, hospital acceptance, or delivery at any specific time or location. While the Philippine Red Cross prioritizes its members, the provision of blood and blood components remains subject to actual availability, donations, inventory levels, medical requirements, and other operational considerations in the relevant area.

3. **On Insurance Payouts**
Insurance benefits are not automatically payable merely because an incident occurred.

Eligibility, coverage, documentation, and policy terms must be satisfied. The insurance benefit is a separate financial protection underwritten by PGAI and is subject to their claims process.

4. **On Philippine Red Cross and PGAI Roles**
Philippine Red Cross membership and the insurance benefit are distinct. The Philippine Red Cross administers and facilitates the membership program but is not the insurer. The insurer, PGAI, makes insurance coverage and claim-payment determinations under the applicable policy.

- Report errors in your membership record promptly to Philippine Red Cross through official channels.
- Renew your membership before expiry if you want uninterrupted eligibility for a subsequent membership year; renewal is not automatic unless expressly provided by Philippine Red Cross.

The Philippine Red Cross Act (RA 10072) provides that membership is open to the population in the Philippines and that an annual fund contribution entitles the contributor to membership for one year. This Guide applies the current Safe Card program terms to that membership framework.

Members are advised to refer to their current Membership ID and applicable policy documents, or confirm their coverage with the Philippine Red Cross or PGAI, as applicable.

04 | AMBULANCE & BLOOD ASSISTANCE

These are valuable Philippine Red Cross humanitarian service benefits. They are service-availability benefits and are not unconditional guarantees of deployment or supply. These services are distinct from insurance benefits under the Safe Card and are not insurance benefits and are not underwritten by PGAI.

FREE EMERGENCY AMBULANCE SERVICE

In case of emergency, the member needs to call 143. Philippine Red Cross will then assess the request based on the information provided and, subject to availability of an appropriate ambulance, personnel, equipment, and other operational resources, as well as the location and prevailing circumstances, will coordinate and provide an appropriate response.

Service Is Subject To	What This Means for the Member
Availability of a Philippine Red Cross ambulance	A unit may be unavailable because it is deployed, under maintenance, responding to another incident, or otherwise not operational.
Selected service areas / area of responsibility	Coverage depends on where the incident occurs and whether the Philippine Red Cross has an operational ambulance/resource serving that area.
Distance from the scene	Dispatch and feasibility depend on the ambulance's location and distance from the scene, including travel conditions.
Road, traffic, and weather conditions	Response and transport may be affected by traffic, road access, weather, security conditions, disasters, and other operational constraints.
Medical/operational priority	Philippine Red Cross may prioritize calls based on emergency severity, patient condition, and operational protocols.
Receiving facility / transport decision	Destination and transport decisions are subject to medical assessment, patient condition, operational protocols, and facility acceptance.

ONE UNIT OF WHOLE BLOOD*

The Safe Card may provide one unit of blood bag subject to Philippine Red Cross Blood Services procedures. Availability is expressly dependent on blood inventory, compatible blood type/component availability, selected Philippine Red Cross blood facility/service area, hospital requirements, processing requirements, and logistics/distance from the requesting location. It is not a guarantee that a compatible unit will be immediately available.

***IMPORTANT NOTE:** "Free" means that the Safe Card program may cover the stated benefit under its applicable terms. It does not mean unlimited ambulance services, unlimited transport, unlimited blood products, or that Philippine Red Cross must provide a unit/resource when none is operationally or medically available.

05 | WHO IS RESPONSIBLE FOR WHAT?
