Introduction to Safe Card

The

Philippine Red Cross

The Philippine Red Cross (PRC) is the country's foremost humanitarian organization, dedicated to delivering life-saving assistance and promoting resilience across the Philippines through its 102 chapters. In times of disasters and emergencies, the PRC plays a critical role which encompasses rescue operations, relief distribution, emergency health care, and shelter support.

Beyond disaster response, PRC sustains critical blood services, ensuring safe and accessible blood for those in need, and strengthens communities through safety services such as ambulance support and life-saving trainings.

Leveraging a nationwide network of more than a million trained volunteers and advanced technologies, the organization ensures rapid and coordinated responses to typhoons, floods, earthquakes, and other crises. Its proactive approach to disaster preparedness and recovery significantly reduces human suffering and supports long-term community rehabilitation, making it an indispensable pillar of national disaster response infrastructure.

The PRC provides six major services:

- Blood Services
- Disaster Management Services
- Health Services
- Safety Services
- Welfare Services
- Volunteer Services and Red Cross Youth

The

Philippine Red Cross

Republic Act No. 10072 – Philippine Red Cross Act 2009

An act recognizing the Philippine Red Cross as an independent, autonomous, non-governmental organization auxiliary to the government in the humanitarian field.

SEC. 6. MEMBERSHIP *– Membership in the Philippine Red Cross shall be open to the entire population of the Philippines regardless of citizenship. Any contribution to the Philippine Red Cross Annual Fund Campaign shall entitle the contributor to membership for (1) year and the said contribution shall be deductible in full for taxation purposes.*

The

Philippine Red Cross

Why do we need to fundraise?

To cover the operational expenses to maintain the services.

To cover the maintenance of the equipment necessary to provide PRC's services.

To replace aging equipment and/or acquire additional equipment as may be required.

To maintain a trained volunteer force of almost 2 million that serves the PRC in case of any disaster.

What is Safe Card?

The PRC

Safe Card

For your annual contribution of **P1200.00** you help us extend our reach to uplift more communities and bring hope to those who need it most.

The Safe Card Membership is a form of contribution to sustain PRC's core services. This membership is open to every individual donor, between three (3) and eighty-five (85) years old.

- Safe Card I.D. number
- Effective Date of membership

Provide the member's details:

- Member's Name
- Membership I.D. number
- Membership validity
- Blood type
- Blood component
- Diagnosis
- Hospital
- Contact details (relative)
- Nature of Accident

Access to Red Cross

Services

Safe Card Members can have access to RC143 Volunteers trainings.

What is Red Cross 143?

Red Cross 143 program, is a community-based volunteering program of the Philippine Red Cross where one leader and a minimum of forty three (43) members will predict potential risk, plan, prepare, and practice for effective community based disaster risk reduction.

Some of the core functions of the volunteers include relief distribution, Community first aider, evacuation coordination, health volunteer and the provision of washing and hygiene services.

Access to Red Cross

Services

Host a Life-Saving Blood Donation Drive

By hosting a donation event at the workplace, we can help save lives while also promoting a strong culture of social responsibility and teamwork among employees.

The Red Cross Blood Services Team will manage all logistics, safety protocols, and donor care.

Access to Red Cross

Services

Disaster Management Services is one of the major services of the Philippine Red Cross, primarily tasked to deliver humanitarian assistance during emergency and disaster situations. The DMS implements its mandate through an integrated holistic approach to save lives, minimize human suffering, and to reduce losses and damages.

Core Programs:

Disaster Risk Reduction
Contributes to the development of safe and resilient communities, schools, and workplaces through RC143 in order to capacitate them to prepare, respond, and recover from any emergency situation

Disaster Preparedness
Strengthens the preparedness capacity of the PRC (both the NHQ and Chapters) for timely and effective response.

Disaster Response
Provides appropriate humanitarian services in the areas of rescue, relief, health, welfare, and emergency shelter to the most vulnerable groups among the total affected population

Disaster Recovery
Involves the provision, restoration and improvement of shelter, livelihood, and basic community facilities, to improve living conditions and reduce disaster risk, supporting long-term approaches of building back better and safer.

Access to Red Cross

Services

TRAINING COURSES:

Standard First Aid and Basic Life Support-CPR/AED

- This is a comprehensive FA course where participants learn how to recognize and manager variety of injuries and medical emergencies. (with certification)
